Responsibility

Rise up with Responsibility and you are in safe hands.
She is courteous, kind and truthful.

Responsibility does the right thing even when no-one is looking!

Responsibility is free to choose. She owns up to her mistakes
and takes responsibility for her actions.

She knows that it is YOU that will get you there - no-one else!

Responsibility can be relied upon to take on a challenge,
and see it through.

Responsibility accepts hers. Do You?
